A **Eagle Crest Blvd to Hwy 126**

This emergency evacuation-access via a natural approach segment allows vehicle movement through a swing gate at 89th Street and allows vehicles to continue straight to Highway 126 or via Antler Avenue/Oasis Drive. This location provides a significant "relief valve" for the West Ridge and allows traffic from the East or West Ridge to move at the same time in the event of an emergency.

See Evacuation-Access Locator Information Accompanying This Map Display.

B **Eagle Crest Blvd to 89th St Gate**

C **Nutcracker Gate**

D **Coopers Hawk Ridge Entry**

RIDGE AT EAGLE CREST EMERGENCY EVACUATION – ACCESS PLANNING
(Options / Locator / Description)

INTRODUCTION: The purpose of this Table is to provide definition to the Ridge at Eagle Crest Owners Association (RECOA) Emergency Evacuation-Access options portrayed on the supporting map graphic and correlated to the Alpha designators.

It is important to note the following:

- **OBJECTIVE**; This information is used solely for Ridge Emergency Evacuation-Access Planning. The objective is to communicate where we can evacuate in a time-urgent situation **and** where emergency services may have access during an incident response.
- **PUBLIC SAFETY DIRECTION**; The Deschutes County Sheriff's Office (DCSO) is the emergency evacuation response authority and may direct specific actions based on the incident response situation.
- **SITUATION DICTATES;** In all cases, our actions will be based on the current situation assessment; personal situation awareness and decision will be key to our response and actions.

OPTION IDENT	OPTION NAME	OPTION DESCRIPTOR
A	EAGLE CREST BOULEVARD; WEST EXIT	Existing Primary Evacuation-Access Route; paved road transits approximately 1.3 miles from the Eagle Crest west property exit to the intersection with Hwy 126 (McKenzie Hwy).
B	89th STREET/Eagle Crest Boulevard GATE (Entry vicinity across from 8820 ECB)	Activated in June 2020. Entry from Eagle Crest Blvd (ECB) is across from 8820 ECB. A natural terrain approach across the Commons interfaces with 89th Street at the Gate; 89th Street is a Deschutes County declared Local Access Road with a 60 Foot Public Right-of-Way. 89th Street is paved north for approximately ¾ mile to the Fire Access Gate at the ODOT easement connecting to Hwy 126 (McKenzie Hwy). *Based on the situation, an emergency evacuation choice is available from 89th Street via intersection at Antler Avenue-Oasis Drive to Hwy 126.*
C	NUTCRACKER GATE Nutcracker Drive and Cline Falls Hwy	Existing Evacuation-Access Route.
D	COOPERS HAWK DRIVE; RIDGE ENTRY at Cline Falls Hwy.	Existing Evacuation-Access Route
