Pool Reminder - The ridge indoor pool will be **closed** Tuesday June 20th at noon through Thursday June 22nd for a major maintenance upgrade. A new uv sanitation light is being added to the water cleaning system. The pool will be drained and cleaned at that time also. Spas and kiddie pools will not be available for use.

The pool will reopen Friday June 23rd for regularly scheduled hours.

Sport center access cards - Eagle Crest Sport Centers introduced a new access system in November 2022. All homeowners were asked to apply for the new access cards and unaccompanied guest passes. **As of March 1, 2023, the old owner card system was discontinued.**

We urge owners wanting to use the sport centers this summer to complete the application as soon as possible. Owners may fill out the application at either the Ridge or Resort Sport Centers. Photo identification will be required. Must be the actual titled owner to apply for the new access cards. The process includes taking a photo of owner. A photo of owner must be taken before access cards will be distributed. Card processing may take up to 7 days, owners should not plan on getting the cards on the day they apply.

Owners needing **Unaccompanied Guest Passes** must complete the application process. No unaccompanied guest access will be given without completing the new sport center access system.

For questions contact the Ridge or Resort Sport Centers. Application may be filled out at any time. **Photo hours: Sunday through Friday 8 am to Noon, or by appointment. (No Saturday calls or photos please)**

Please Note, Association regulations will apply to the number of cards issued per property. Multiple ownership properties will need to predetermine designated card holders.

Properties used as **vacation rentals will** need to register with the Eagle Crest Express Pass Program.

Irrigation timers – We ask all owners to please stop tampering with or adjusting irrigation timers in managed neighborhoods. Several timers in Forest Greens were found in the off position by Bluestone. Bluestone is trying to manage timers to go off at different times to maintain water pressure. If you have any concerns regarding the irrigation timers, do NOT adjust them yourself, send a message into ECM, ownerservices@eagle-crest.com, and they will get it taken care of.
