VOTING OPENS ON OCTOBER 18. For households with an email address on file with Eagle Crest Management, you will receive an electronic ballot at your primary email address on file with ECM. Instructions on that ballot will indicate how to vote via email. Households without an email on file, will receive their ballot in the mail and vote by phone.

IS ELECTRONIC VOTING SAFE? Could someone find a way to vote twice? Simply Voting has extensive experience with elections for over 2,500 organizations in 58 countries including many Homeowner Associations like ours. Simply Voting provides a secure code for each voting lot. Once that code is used to vote, their system will not allow another vote for that lot. There are a few instances where a single owner owns and pays dues for more than one voting lot. That owner will receive a separate code for each lot.
